

Instruction Manual

Welcome to Botzees !

Introducing Botzees, cute programmable bots that YOU build and control. Create, Program and Play with these adorable new bots using internal sensors and motors. Botzees can be programmed to move, drum, dance, make sounds, and light up! Botzees combines construction, coding and creativity to develop learning and imagination!

Product information

Name: Botzees

Model: 83101

The package contains: 130 pieces, 1 set of stickers, 1 USB cable

Suitable age range: 4+ years

Battery type: Lithium ion battery

Battery capacity: 1500mAh

Input: DC 5V

Main material: ABS

Pai Technology Inc.

520 Broadway, Second Floor, Santa Monica, CA 90401.

WARNING:

CHOKING HAZARD—Small parts.
Toy contains a small ball.
Not for children under 3 yrs.

What's in the Box

1. Main control block:

The main control block is the brain of Botzees. Other electronic components and blocks can be assembled on it to build different movable robots.

Front

Back

Bottom

2. Ultrasonic sensor block:

The ultrasonic sensor block is used to identify distance and detect obstacles.

3. Digital servo block:

The digital servo block is a motor that creates rotational movement.

The connectors on the ultrasonic sensor block and the digital servo block plug into the connection ports located on the back of the main control block.

Included Pieces

Note! The product doesn't contain a power adapter.

Set-Up

1. Download the App

Search for "Botzees AR" on the App Store or Play Store.

Compatible with:

iOS 12+

iPhone 6s and above/iPad Pro (all models)

iPad Air (3rd generation)/iPad (5th and 6th generation)

iPad mini (5th generation)

Android 8.0 and later

2. Connect to Bluetooth

- 1 Open the app and tap the Bluetooth connection button in the top right corner. The button is red and displays the word "OFF" when Bluetooth is not connected.
- 2 Be sure that Bluetooth is enabled on the electronic device you are using.

- 3 Press the power button on the back of main control block to power on.

- 4 Keep your electronic device within 10 inches of the main control block to connect.

- 5 When  appears, then you have successfully connected the device with main control block.

- 6 When the Bluetooth is connected the button in the top right corner is green and displays the word "ON."

3. Connect the Bluetooth audio

- 1 Tap the yellow speaker button at the top of the screen.

- 2 Exit the app and go to "Settings" on your electronic device and tap "Bluetooth."

- 3 The electronic device will search the Audio bluetooth automatically. Then click on "Pai_Audio_xxxxxx" to connect.

- 4 When the audio is connected, the word "Connected" will appear.

Limited Warranty information

Who is covered:

This warranty is extended only to the original end-use purchaser or the person receiving the product as a gift, and shall not be extended to any other person or transferee.

What is covered/For how long:

Unless a different warranty period is stated in the Owner's guide provided with your Pai product, for a period of under 1 year for anything that may be incorporated into this product from the date of retail purchase by the original end-use purchaser, Pai warrants that this product, when delivered to you in new condition, in original packaging, from a Pai authorized reseller and used in normal conditions, is free from any defects in manufacturing, materials and workmanship.

What is not covered:

This warranty does not cover defects resulting from improper or unreasonable use or maintenance; failure to follow operating instructions; accident; excess moisture; insects; lightning; power surges; connections to improper voltage supply; unauthorized alteration or modification of original condition; damages caused by inadequate packing or shipping procedures; loss of damage to or corruption of stored data; damage caused by use with non-Pai products; product that requires modification or adaptation to enable it to operate in any country other than the country for which it was designed, manufactured, approved and/or authorized, or repair of products damaged by these modifications; and products purchased from unauthorized dealers.

What we will do:

During the warranty period, we will, at our sole option, repair or replace (using new or refurbished replacement parts) any defective parts within a reasonable period of time and free of charge.

What you must do to obtain Limited Warranty Service:

Return product, with proof of purchase from an authorized dealer. Please contact Pai Technology at customerservice@pai.technology for specific return and shipping instructions.

Other conditions:

The provisions of this limited warranty are in lieu of any other warranty, whether expressed or implied, written or oral, including any warranty of merchantability or fitness for a particular purpose. Pai corporation's

maximum liability shall not exceed the actual purchase price paid by you for the product. In no event shall Pai be liable for loss of, damage to, or corruption of stored data, or for special, incidental, consequential, or indirect damage howsoever caused including, without limitation, the replacement of equipment and property, and any costs of recovering, programming, or reproducing any program or data stored in or used with your Pai product.

This warranty is void if the label bearing the serial number has been removed or defaced.

Other legal rights:

This limited warranty gives you specific legal rights, and you also may have other rights that vary from state to state or country to country. Some places do not allow limitations on implied warranties or the exclusion or limitation of incidental or consequential damages, so the above limitations or exclusions may not apply to you.

Regulatory Conformance Hereby, Pai Technology Inc. declares that this device is in compliance with the essential requirements and other relevant provisions of Directive 2014/53/EU.

Taking care of your product

1. The battery is not replaceable.
2. This device complies with RSS-247 of Industry Canada. Operation is subject to the condition that this device does not cause harmful interference.
3. It shall be regularly examined for damage to the cord, plug, enclosure and other parts, and in the event of such damage, they must not be used until the damage has been repaired.
4. The toy is not to be connected to more than the recommended number of power supplies.
5. Rechargeable batteries are only to be charged under adult supervision.

Safety

Regulations, safety, and environment:

This document is subject to change without prior notice. Full warranty for this product and service are fully outlined in the limited warranty statement that accompanies this product and service. Any content in this document does not constitute any additional warranty. Pai Technology Inc. does not assume responsibility for any technical errors, editorial errors, or omissions in this document.

About this guide –This guide provides regulatory, safety, and environmental information that complies with U.S. regulations.

 **Warning!** Text that appear like this indicate that if you do not follow the instructions, it may cause personal injury or life hazard.

 **Note:** Text that appear like this indicate that failure to follow the instructions may result in damage to the equipment or loss of information.

Note: Text that appear like this provide important supplemental information.

I. Safe usage

 **Warning!** To reduce the risk of injury, and for a better experience, please read the detailed product manual.

1. Regulations

This product has one or more wireless components installed. In certain circumstances, wireless devices may be restricted: on airplanes, in hospitals, or near flammable, explosive, or hazardous materials. If you are not certain of the rules regarding your device in these situations, please review the requirements of the area in question before turning on your device. These rules may be located on the underside of your product, or in some other visible location.

2. Battery treatment

When the battery expires, do not dispose of the battery with the household garbage. Please dispose of the battery according to your local laws and regulations.

3. Factory-sealed battery

The battery can not be easily replaced or removed without affecting the warranty. If there is something wrong with the battery, please contact Customer Service at customerservice@pai.technology.

4. Electromagnetic compatibility statement

This product has been tested to comply with the electromagnetic compatibility restrictions, of the United States, but the use of non-company products or other recommended accessories may change and affect the electromagnetic compatibility of the product.

 **Warning of the United States**, to reduce the risk of injury and for a better experience, please read the detailed product manual.

5. Battery safety

 **Warning!** To reduce the risk of fire or burn injuries, do not disassemble, crush, or pierce the battery. Do not bring the exterior of the battery into direct contact with circuits. Do not place into fire or water.

 **Warning!** Keep the battery away from children.

Other health and safety information

- This product must be used under direct supervision by adults.
- If the product comes in contact with liquid or other debris, please wipe it away immediately.
- Do not mishandle or throw the product.
- Do not squeeze or apply excessive pressure on the product surface, otherwise it may cause product deformation or damage.
- Do not place this product in or around heating equipment or high voltage equipment, as this may cause product damage or other accidents.
- Clean the product with a soft, dry cloth. Do not wash it.
- This product should not come into contact with water.

FCC Compliance Statement

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions:

(1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

Note: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

Reorient or relocate the receiving antenna.

Increase the separation between the equipment and receiver.

Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.

Consult the dealer or an experienced radio/television technician for help.

FCC Radiation Exposure Statement:

This transmitter must not be co-location or operating in conjunction with any other antenna or transmitter.

This equipment complies with FCC RF radiation exposure limits set forth for an uncontrolled environment.

IC Compliance Statement

This device complies with Industry Canada license-exempt RSS standard(s). Operation is subject to the following two conditions: (1) this device may not cause interference, and (2) this device must accept any interference, including interference that may cause undesired operation of the device.

Le présent appareil est conforme aux CNR d'Industrie Canada applicables aux appareils radio exempts de licence. L'exploitation est autorisée aux deux conditions suivantes : (1) l'appareil ne doit pas produire de brouillage, et (2) l'utilisateur de l'appareil doit accepter tout brouillage radioélectrique subi, même si le brouillage est susceptible d'en compromettre le fonctionnement.
